A TOUCH OF COLOR

Grout provides the accent to every tile and stone installation; **'a touch of color'** that can create subtle or dramatic contrasts that help shape the mood of a room. When trying to achieve a desired look, choosing the right grout color to accompany a tile can be just as important as the tile itself. This is why Prima has formulated a wide selection of the most fashionable grout colors available and the right selection tools to help make the choice an easy one.
